

BORHAN MORTAZAVI MILANI

Web Developer — Frontend & Full-Stack JavaScript — WordPress

Istanbul, Türkiye — borhawnm@gmail.com — borhawn.dev — github.com/borhawn

PROFILE

Web Developer experienced in WordPress and WooCommerce development, with hands-on experience in React, Next.js and JavaScript. Skilled in translating Figma designs into responsive interfaces, building multilingual websites, and working across frontend and backend requirements. Currently expanding production experience with modern full-stack JavaScript development.

TECHNICAL SKILLS

Frontend	JavaScript, React, Next.js, HTML5, CSS3, Responsive Design
Backend	Node.js, REST APIs, SQL, Database Integration
WordPress	WordPress, WooCommerce, Elementor, Custom Development, Multilingual Websites
Tools & Infrastructure	Git, GitHub, Cloudflare, Hostinger, Plesk, XAMPP
SEO & Web	Technical SEO, Google Search Console, Google Analytics, Rank Math, Performance Optimization

PROFESSIONAL EXPERIENCE

Freelance Web Developer	2022 – Present
- Build WordPress and WooCommerce websites for e-commerce, retail, industrial and healthcare-related businesses, including clothing, electronic parts, video games and digital accessories. - Convert Figma and other visual designs into pixel-perfect, responsive WordPress interfaces, with additional experience designing website banners and promotional graphics. - Develop multilingual websites, including Arta Fidar Kia (2 languages) and Palmart (5 languages), handling content structure, e-commerce functionality and SEO requirements. - Develop React and Next.js projects including full-stack web applications, automation concepts and API-based tools, while continuing to expand production experience with the stack.	
Freelance Translator	2021 – 2022
Translated English-to-Persian texts, dialogues and video game subtitles.	
WordPress Website Administrator — Xternull	2021 – 2022
Managed content and day-to-day administration of a WordPress software download website.	

SELECTED PROJECTS

borhawn.dev — Personal Full-Stack Web Platform

Built and launched a personal portfolio using Next.js, working across frontend and backend functionality.

Alrenas & Biamed — Rehabilitation Equipment Websites

Developed two WordPress websites for Turkish businesses selling physiotherapy and rehabilitation equipment, including locally designed and manufactured rehabilitation devices.

Arta Fidar Kia & Palmart — Multilingual B2B Websites

Developed multilingual WordPress websites for an Iranian import/export company (2 languages) and a raw food ingredients company (5 languages).

Next.js & React Projects

Built demonstration projects including a company workflow automation application, movie streaming platform, cryptocurrency API/CLI tools and other full-stack applications. See borhawn.dev for the full portfolio.
